**Rima Bharali**

21.

a) One evening, Mousumi asked her grandmother why she doesn't see some animals in winter. Her grandmother explained that different animals have different habits. Some gather food during the summer and then rest afterwards. Her grandmother then went on to tell her a story. Let's listen to the story:

# The Grasshopper and the Ant

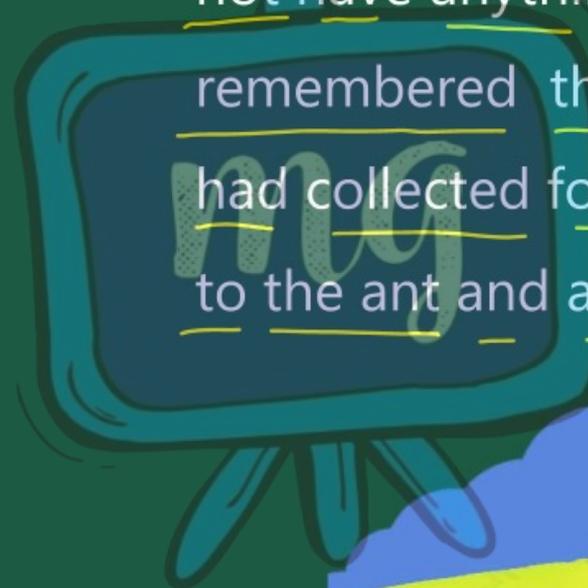

# The Grasshopper and the Ant

It was summer. A grasshopper was singing and dancing in the warm sunshine. He did not work. He made fun of the ants who worked day and night. The ants were collecting food for the long winter ahead.

Then came the winter. The grasshopper did not have anything to eat. He remembered the ant, his neighbour who had collected food for the winter. He went to the ant and asked for some food.

The ant told the grasshopper that he  
should have worked and stored food for  
the winter.

Now, grandmother stopped here. Think and say what might have happened next.

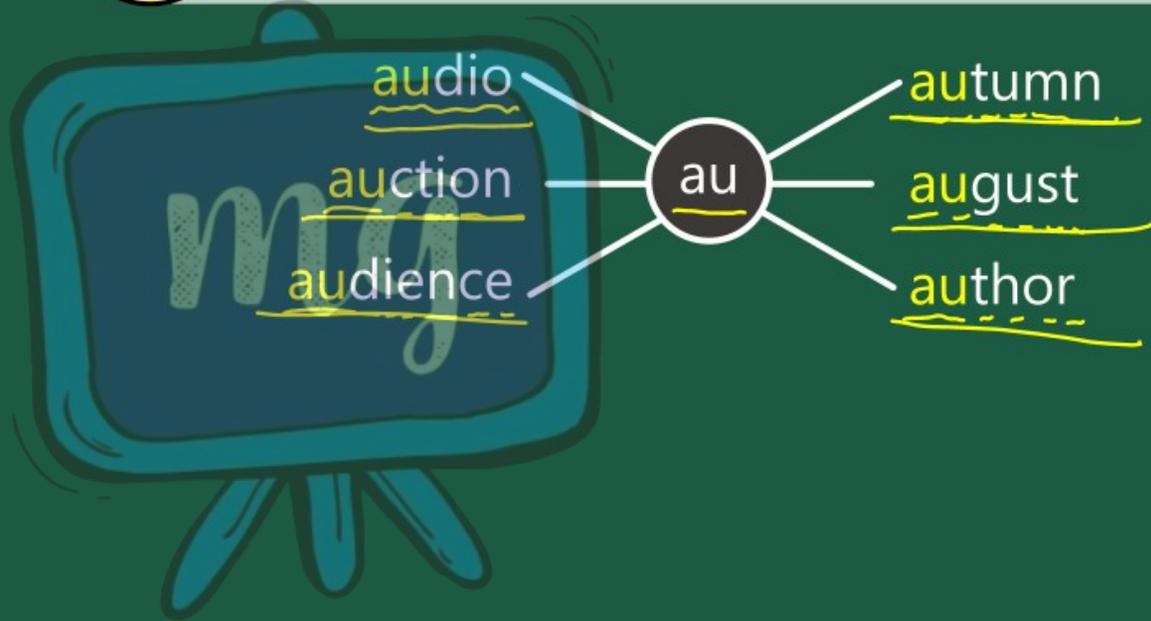

21.

b. Draw what you have understood  
from the story :

mg

## 22. Let's say the words :

Now underline 'au' in the words below  
and read them aloud :

haul

cause

pause

mg

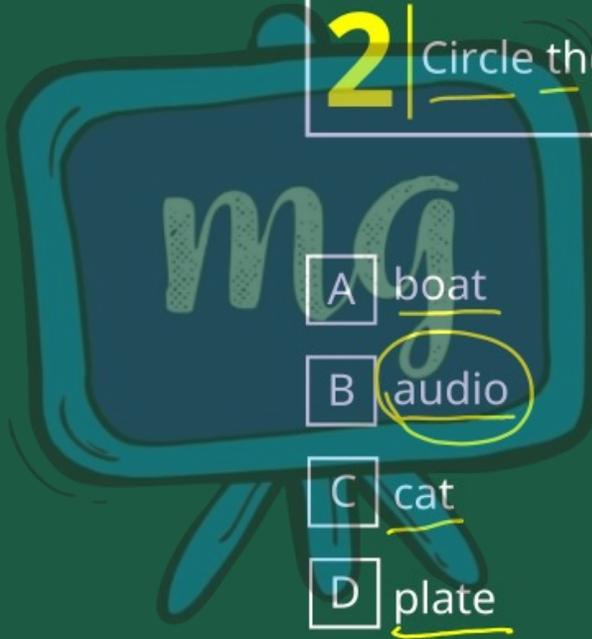

**1** | Who was singing and dancing in the warm sunshine ?

A Ant

B Grasshopper

2 | Circle the word which has 'au'

A boat

B audio

C cat

D plate
