Εx	<i>oplanation:</i> Godavari is the lo	ngest Peninsular ri	ver			
	and is referred to as the Daks	shin Ganga due to	its			
	size and basin area.					
2.	The Ganga and Brahmaputra form which delta					
	their mouth?					
	A. Konkan Delta	B. Sundarban Delt	:a			
	C. Krishna Delta	D. Pulicat Delta	(B)			
Εx	<i>(planation :</i> The Ganga and Br	ahmaputra togeth	er			
	form the Sundarban Delta, th	ne largest and faste	est			
	growing delta in the world.					
3.	Which river forms the Marble Rocks gorge near					
	Jabalpur?					
	A. Tapi	B. Krishna				
	C. Narmada	D. Mahanadi	(C)			
Εx	<i>xplanation :</i> The Narmada rive	r forms a pictureso	lue			
	gorge through marble <mark>ro</mark> cks near Jabalpur in					
	Madhya Pradesh.					
4.	What is the source of the rive	er Yamuna?				
	A. Gangotri Glacier	- ///				
	B. Yamunotri Glacier					
	C. Brahmagiri Hills					
	D. Amarkantak Hills		(B)			
Εx	<i>planation:</i> The Yamuna river	originates from th	e			
	Yamunotri Glacier in the Him	alayas.				
5	Which lake in India is formed	due to tectonic				

A. Krishna	B. Mahanadi		A. Krishna	B. Godavari		
C. Godavari	D. Narmada	(C)	C. Kaveri	D. Mahanadi	(C)	
Explanation: Godavari is the longest Peninsular river		Explanation: The Kaveri river originates from the				
and is referred to as the Dakshin Ganga due to its size and basin area.			Brahmagiri range of the Western Ghats.			
The Ganga and Brahmar	outra form which delt	a at	7. Which among the following rivers forms an estuary			
their mouth?		1	instead of a delta?			
A. Konkan Delta	B. Sundarban De	elta	A. Mahanadi	B. Narmada		
C. Krishna Delta	D. Pulicat Delta	(B)	C. Kaveri	D. Godavari	(B)	
Explanation: The Ganga ar	nd Brahmaputra toge	ther	Explanation: Narmada flows westward and forms an			
form the Sundarban Del	_	stest	estuary, unlike most Indian rivers which form			
growing delta in the <mark>w</mark> orld.		deltas.				
. Which river forms the Marble Rocks gorge near		8. What is the name of the lake formed by damming				
Jabalpur?	/ Number 100	2	of a river at Bhakra Nar		illig	
A. Tapi	B. Krishna	4-5				
C. Narmada	D. Mahanadi	(C)	A. Pulicat Lake	B. Sambhar Lake	<u>.</u>	
Explanation : The Narmada	river forms a picture	sque	C. Gobind Sagar	D. Kolleru Lake	(C)	
gorge through marble <mark>ro</mark> cks near Jabalpur in		Explanation: Gobind Sagar is an artificial lake created				
Madhya Pradesh.			by the Bhakra Nangal [Dam on the river Sutlej.		
. What is the source of the	e river Yamuna?	myy .	9. Which river is referred	•		
A. Gangotri Glacier		/// 1		-	:	
B. Yamunotri Glacier		7 1	A. Ganga	B. Brahmaputra		
C. Brahmagiri Hills			C. Indus	D. Kosi	(B)	
D. Amarkantak Hills		Explanation: The Brahma	putra river is called Tsa	ng		

lower course due to low slope? activity? A. Indus B. Brahmaputra A. Dal Lake B. Wular Lake C. Ganga D. Tapi (C) D. Pulicat Lake C. Chilika Lake Explanation: The Ganga has a very gentle slope in its Explanation: Wular Lake in Jammu and Kashmir is the lower course, causing it to form many meanders. largest freshwater lake in India and is of tectonic origin.

Po in Tibet before it enters India.

10. Which river is known for forming meanders in its
