

CHAPTER-2 | Fire and Ice

QUIZ
PART-01

1. Who is the poet of Fire and Ice?

- A. William Wordsworth
- B. Robert Frost
- C. Alfred Tennyson
- D. Emily Dickinson (B)

Explanation: Fire and Ice was written by Robert Lee Frost, a 20th-century American poet known for exploring human emotions and nature.

2. What does 'fire' symbolize in the poem?

- A. Warmth and comfort
- B. Anger and rage
- C. Desire and passion
- D. Love and affection (C)

Explanation: In the poem, fire symbolizes intense human desires and passions that can lead to destruction if uncontrolled.

3. What does 'ice' represent according to the poet?

- A. Coolness
- B. Hatred
- C. Peace
- D. Fear (B)

Explanation: The poet uses ice as a symbol of coldness and hatred, representing slow emotional destruction.

4. What does the word 'perish' mean in the poem?

- A. To grow
- B. To die or be destroyed
- C. To freeze
- D. To move on (B)

Explanation: The term perish means to die or pass away, used here to describe the potential end of the world.

5. What kind of tone does the poet use in Fire and Ice?

- A. Angry and critical
- B. Calm and reflective.
- C. Humorous and casual
- D. Desperate and fearful (B)

Explanation: The poem uses a light, conversational tone, yet conveys deep contemplation about human emotions and destruction.

6. What is the central idea of Fire and Ice?

- A. The importance of love and friendship
- B. The beauty of the natural world
- C. The destructive power of human emotions
- D. The role of fate in human life (C)

Explanation: The poem reflects how uncontrolled emotions like desire and hatred can bring about destruction and chaos.

7. What does the poet mean by "the world will end in fire"?

- A. The planet will burn physically
- B. Human greed and desire will lead to destruction
- C. A war will destroy the world
- D. The sun will consume the earth (B)

Explanation: The fire metaphorically refers to human desire and greed, which can metaphorically 'burn down' the world.

8. What emotion is contrasted with desire in the poem?

- A. Love
- B. Hatred
- C. Hope
- D. Fear (B)

Explanation: Frost contrasts desire (symbolized by fire) with hatred (symbolized by ice) to show the duality of human emotions.

9. What is the rhyme scheme used in Fire and Ice?

- A. ABAB
- B. AABB
- C. ABA ABC BCB
- D. ABA ABC BCB (irregular pattern) (D)

Explanation: The poem has an irregular rhyme scheme that complements its conversational tone, enhancing its reflective mood.

10. What message does the poet convey at the end of the poem?

- A. Fire and ice are harmless natural elements.
- B. Both love and hatred are necessary for life.
- C. Both desire and hatred are equally destructive forces.
- D. The world will never end. (C)

Explanation: Frost concludes that both fire (desire) and ice (hatred) have the power to destroy the world, showing the danger of extreme emotions.
