

## CHAPTER-2 | Modals

## QUIZ-01

1. This dress suits her style. She \_\_\_\_\_  
definitely like it!

- A. can                                      B. could  
C. will                                      D. may                                      (C)

**Explanation :** "Will" expresses certainty about a future event based on current information—her liking the dress is definite.

2. When Juan was two, he \_\_\_\_\_ already  
speak very well.

- A. might                                      B. could  
C. can                                      D. should                                      (B)

**Explanation :** "Could" is the past tense of "can," used here to indicate ability in the past.

3. She \_\_\_\_\_ visit her grandparents' house  
during holidays.

- A. dare to                                      B. ought to  
C. can                                      D. might                                      (D)

**Explanation :** "Might" indicates possibility, which fits a non-certain future action like a holiday visit.

4. \_\_\_\_\_ I talk to the manager?

- A. Might                                      B. May  
C. Could                                      D. Shall                                      (B)

**Explanation :** "May" is used to ask for formal permission, which suits this polite request.

5. During peak hours, it \_\_\_\_\_ take more than  
two hours.

- A. can                                      B. should  
C. shall                                      D. will                                      (A)

**Explanation :** "Can" indicates possibility, which fits the uncertain travel time during peak hours.

6. How \_\_\_\_\_ she do that to us!

- A. would                                      B. must  
C. could                                      D. shall                                      (C)

**Explanation :** "Could" expresses disbelief or surprise over someone's action, which suits this exclamatory question.

7. If I get the required assistance, I \_\_\_\_\_ pass  
the exam in the first attempt.

- A. shall                                      B. can not  
C. might                                      D. could                                      (A)

**Explanation :** "Shall" in this context shows strong intention or certainty under a condition.

8. The audience \_\_\_\_\_ settle before the doors  
are closed.

- A. can                                      B. shall  
C. might                                      D. must                                      (D)

**Explanation :** "Must" expresses necessity, which fits the context of required action before closing doors.

9. We \_\_\_\_\_ always respect our elders.

- A. can                                      B. will  
C. should                                      D. could                                      (C)

**Explanation :** "Should" is used for giving advice or stating moral obligation, which suits this statement.

10. \_\_\_\_\_ we save money for the party?

- A. would                                      B. need  
C. should                                      D. dare                                      (C)

**Explanation :** "Should" is used to make a suggestion or ask for advice, which fits this context of planning.
