

CHAPTER-1 | The Fun They Had

QUIZ
PART-02

1. Why was Margie surprised about the old schools?
 A. They had no subjects
 B. They used books made of metal
 C. They had human teachers
 D. They studied without tests (C)

Explanation: Margie could not believe that in old schools, teachers were human beings instead of mechanical ones.

2. What did Tommy explain about human teachers in the past?
 A. They used computers for teaching
 B. They told children things, gave homework, and asked questions
 C. They taught only history
 D. They lived inside children's homes (B)

Explanation: Tommy clarified that human teachers guided students, assigned homework, and asked questions.

3. Why did Margie not want a man teacher in her house?
 A. She thought men were too strict
 B. She disliked strangers teaching her
 C. She believed men weren't smart enough
 D. She found human teachers boring (B)

Explanation: Margie said she would not want a strange man teaching inside her house.

4. Where did children go to study in the old kind of schools?
 A. Their bedrooms
 B. Their parents' workplace
 C. Special school buildings
 D. The town library (C)

Explanation: Tommy explained that children attended school in special buildings, not at home.

5. How did Margie's mother believe children should be taught?
 A. In groups of the same age
 B. Through one standard system
 C. Adjusted according to each child's mind
 D. Only by machines (C)

Explanation: Margie's mother believed every child's education must be personalized to their learning needs.

6. What subject was Margie's mechanical teacher about to teach when her mother called her?
 A. History
 B. Science
 C. Geography
 D. Arithmetic (fractions) (D)

Explanation: The teacher's screen lit up with a lesson on addition of proper fractions.

7. What did Margie imagine about the children of old schools?
 A. They studied silently at home
 B. They learned alone with machines
 C. They played, studied, and went home together
 D. They never had homework (C)

Explanation: She pictured children gathering in a schoolyard, sitting together, and going home together.

8. What did Margie long for while thinking about old schools?
 A. To avoid tests
 B. To study with other children and have fun
 C. To skip her classes
 D. To use bigger screens for lessons (B)

Explanation: Margie felt the old schools were fun because of their social learning environment.

9. How did Tommy react when Margie said men weren't smart enough to be teachers?
 A. He ignored her
 B. He laughed loudly at her ignorance
 C. He agreed with her
 D. He scolded her for being rude (B)

Explanation: Tommy screamed with laughter, showing Margie didn't know much about old schools.

10. What main contrast is highlighted between traditional and futuristic education in the story?
 A. Books vs. videos
 B. Human connection vs. machine-led isolation
 C. Exams vs. assignments
 D. Outdoor vs. indoor learning (B)

Explanation: The lesson emphasizes how traditional schooling fostered human connection, while futuristic systems created isolation.
